Journal of Physics: Conference Series
Open Access Copyright – IOP Publishing Limited

1. IOP Publishing Limited ("IOP") agrees to publish:

Manuscript Title: XACML Profile and Implementation for Authorization Interoperability between OSG and EGEE ("**the Article**") written by

Names of all Authors: G.Garzoglio, I.Alderman, M.Altunay, R.Ananthakrishnan, J.Bester, K.Chadwick, V.Ciaschini, Y.Demchenko, A.Ferraro, A.Forti, D.Groep, T.D.Hesselroth, J.Hover, O.Koeroo, C.LaJoie, T.Levshina, Z.Miller, J.Packard, H.Sagehaug, I.Sfiligoi, N.Sharma, S.Timm, F.Siebenlist, V.Venturi, J.Weigand ("**the Named Authors**")

in the *Journal of Physics: Conference Series* ("**the Journal**").

2. Transfer of Copyright Agreement

2.1 On acceptance for publication the undersigned author(s) ("Author") of the Article assigns exclusively to IOP worldwide copyright in the Article for the full term and for all media and formats in all material published as part of the Article, which expression includes but is not limited to the text, abstract, tables, figures and graphs, but excludes any supplementary material.

2.2 If any of the Named Authors are Government employees, on acceptance for publication the Author shall grant IOP a royalty free exclusive licence for the full term of copyright for all media and formats to do in relation to the Article all acts restricted by copyright worldwide.

2.3 On acceptance for publication the Author shall grant IOP a royalty free non-exclusive licence for the full term of copyright for all media and formats to do in relation to any supplementary material deemed to be part of the Article all acts restricted by copyright.

3. Author Rights

IOP grants the Named Authors all rights otherwise restricted by copyright including the right to reproduce, distribute and communicate the Article to the public and to make any other use which the Author may choose. All such rights must be exercised for non-commercial purposes, if possible should display citation information and IOP's copyright notice, for electronic use best efforts must be made to include a link to the on-line abstract in the Journal, and the Article should not be offered for publication to a third party publisher (prior to withdrawal or rejection) nor included in other publishers' web sites. Notwithstanding, a **re-written and extended version** of the Article may be published in another journal.
