Physics for Everyone

A non-technical lecture series about Fermilab science and culture

Lecture Series

12:30 - 1:30 p.m.

Focusing on our Future:

November 16, 2011 • Auditorium

Fermilab and the future of particle physics

Young-Kee Kim

December 7, 2011 • Auditorium

Project X: A powerful accelerator for particle physics

Stuart Henderson

January 11, 2012 • Auditorium

Discovery science with muons:

Fermilab's Mu2e experiment

Doug Glenzinski

February 8, 2012 • Auditorium

Looking for gold: LBNE in the Homestake Mine

Brian Rebel

Fermilab | Diversity Council

U.S. DEPARTMENT OF ENERGY
