

# Criteria for Priorities:

## **Priority 1 (High):**

Items that seem to mean something to the Peer Review Committee (what they seem to pay the most attention to);

Items which need to be done to allow other CAS implementation activities, pacing items; and/or

Requirements that were a priority in DOE O 226.1A

## **Priority 2 (Medium):**

Items that are missing,

Items that have significant visibility to the DOE, and/or

FRA/site has listed as important or having issues in assessments

## **Priority 3 (Longer term):**

System Program and some other documents exist (Varying degrees of level)

Implementation is underway and/or are in continual improvement mode
