

All Experimenter's Meeting
Week of 03/14-3/20/2011
Computing Division, Computer Security

- DOE Safeguards and Security audit this week (March 21-25)
 - Auditors will conduct visits after hours looking for accessible computers. They will test door locks and screen locks, also try to trick you into letting them in.
 - Send around reminders:
 - Use Screen Locks
 - Lock doors after hours, particularly CDF and D0
 - Don't let anyone into an area that requires card/key entry unless you check their badge
