Robert R. Wilson, from Frontier Wyoming to Weston Illinois

Maury Tigner
Cornell University

September 27, 2017
4:00 p.m. - Wilson Hall, One West

A sketch of Wilson's Life will be given including his early years, time at Berkeley, activities in the WWII effort at Los Alamos, his time at Cornell and his founding of Fermilab. Emphasis will be on his contributions to science, technology and culture and his leadership example.

**After the colloquium you are invited to a reception for Maury Tigner
on the second floor art gallery**
