

International Workshop on Clinical High-Energy Neutron Dosimetry

Fermilab 15-17 April 2004

All meetings will be held in Curia II conference room on the second floor of Wilson Hall.

AGENDA

Thursday April 15

1:30 – 5:00 pm Facility Reports

1:30 Introduction and Welcome	Arlene Lennox
1:45 University of Washington	Ruedi Risler
2:15 iThemba Labs	Dan Jones
2:45 Harper Hospital	Mark Yudelev
3:15 coffee break	
4:00 Fermilab	Arlene Lennox
4:30 Essen	Wolfgang Sauerwein
5:00 MIT/BNCT	Peter Binns
5:30 Monte Carlo Simulation of clinical neutron beams	Tim Bohm

Friday April 16

9:00 –2:30 Calibration Protocols

9:00 International Neutron Beam Intercomparisons Dave Nigg

9:30 iThemba Labs Dan Jones

10:00 University of Washington Alina Popescu

10:30 Coffee Break

11:00 Harper Hospital Mark Yudelev

11:30 Fermilab Arlene Lennox

12:00 Lunch in cafeteria

1:30 Essen Reinhard Hentschel

2:00 MIT/BNCT Peter Binns

2:30 – 5:30 – Discussion of possible new/standardized protocols

Mark Yudelev will lead the discussion, with comments and input from everyone.

Coffee/tea break 3:30 –4:00

Saturday April 17

9:30 –11:30 Discussion of reimbursement issues and procedures for getting new CPT code for neutron therapy. Arlene Lennox will lead the discussion, with assistance from Sandra Reed, an expert on medical reimbursement issues.
