H1N1 Update:

- Please consider getting your H1N1 flu vaccination. They are readily available at most pharmacies and through some doctor's offices and health departments. Last year, we saw a spike in H1N1 in the April/May time frame. It is possible that we will see that again this year.
- 184 suspected cases have been reported thus far. (No new cases reported last week.)
- Questions or concerns should be directed to Dr. Brian Svazas at X3232 or svazas@fnal.gov
